

# switch on safety

## FOR MACBOOK

Here's how you Switch on Safety to help keep your child safe when learning from home on a **MACBOOK**. These instructions will help you change the 'DNS' settings on your child's device to add an extra safety filter for anyone using it for online learning.

### 1 FIND

Find where you can change **DNS settings**.

### 2 SWITCH

Change the settings to **Switch on Safety**.

### 3 TEST

**Test the device** to make sure it worked.

### 1 FIND

// First you need to find your 'DNS' settings. **Here's how.**

1. Click on 'System Preferences'.

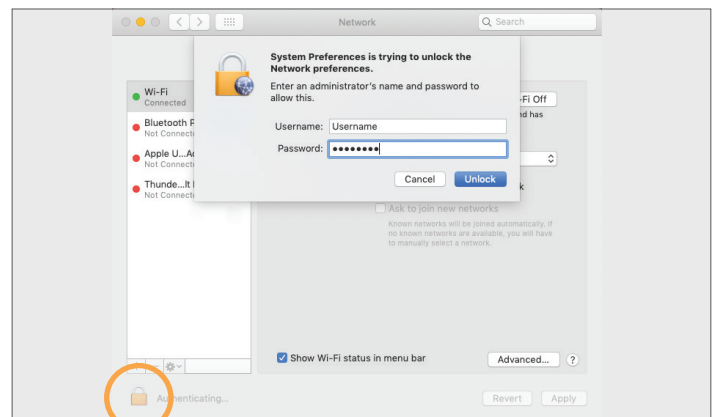

2. Click on 'Network'.

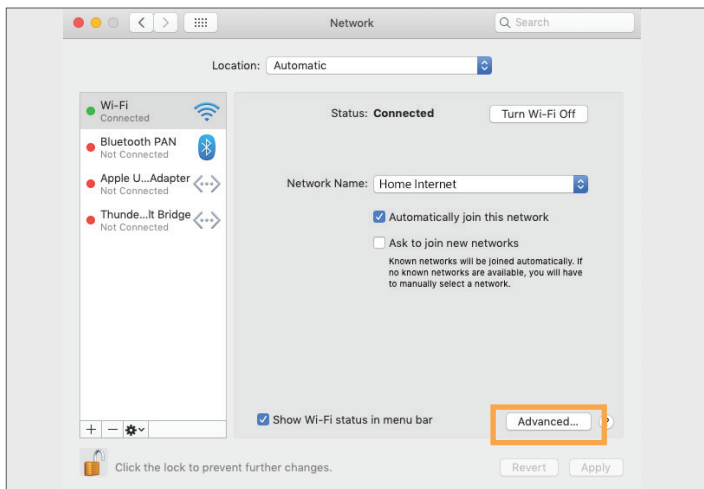

3. If you are presented with the adjacent pop up follow instructions below - if not, go straight to step 4.

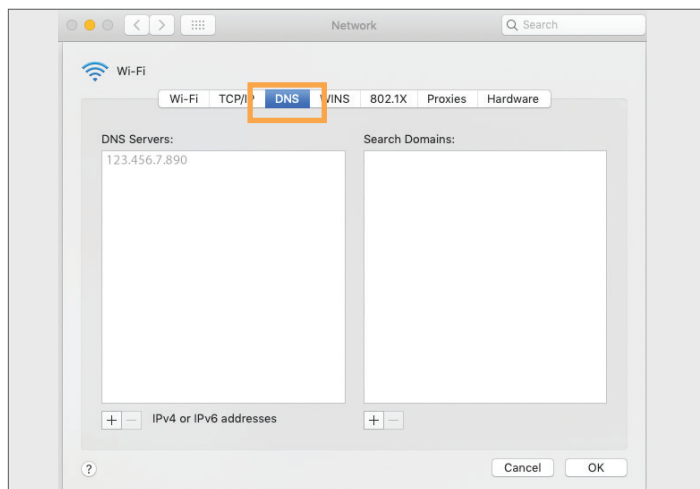

Click on the 'Padlock' icon and enter your Username and Password, then click 'Unlock' to authenticate the changes.

4. Click on 'Advanced'.

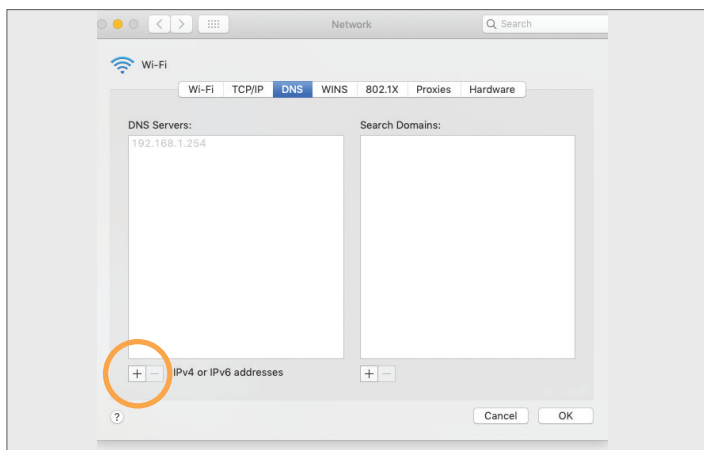

5. Select 'Use the following DNS server addresses'. If you already have a DNS server address, take a picture or write it down for your records.

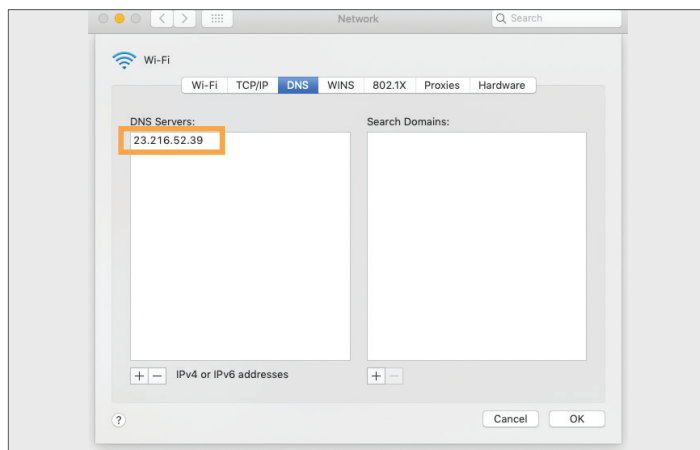

**2 SWITCH** // Next you need to add manual 'DNS' settings. **Here's how.**

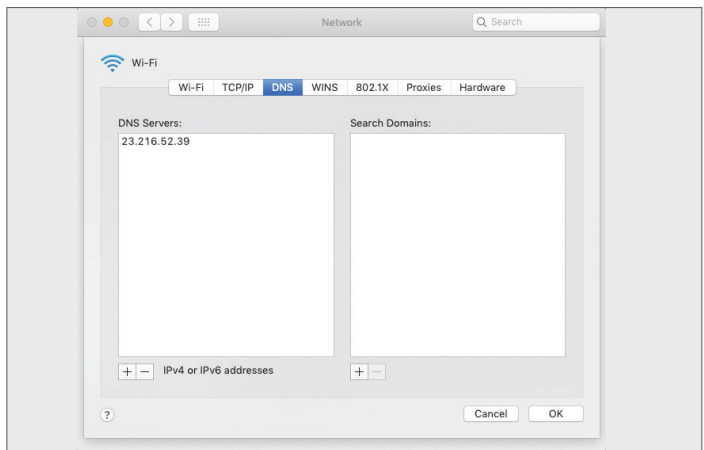

1. Click the '+' to add a new DNS server.

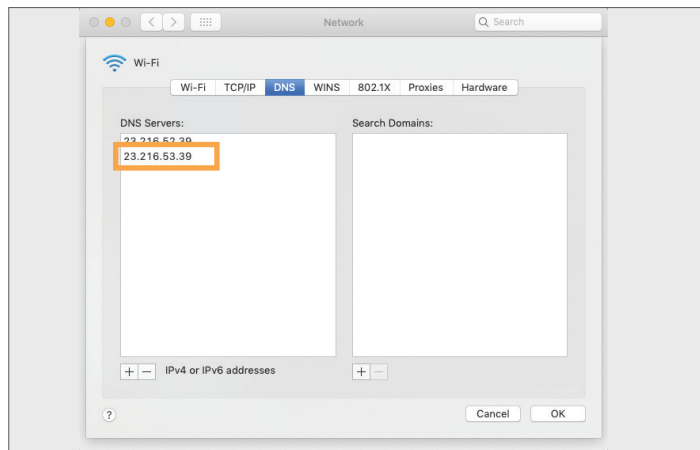

2. Enter the number 23.216.52.39

3. Click the '+' to add another new DNS server.

4. Enter the number 23.216.53.39

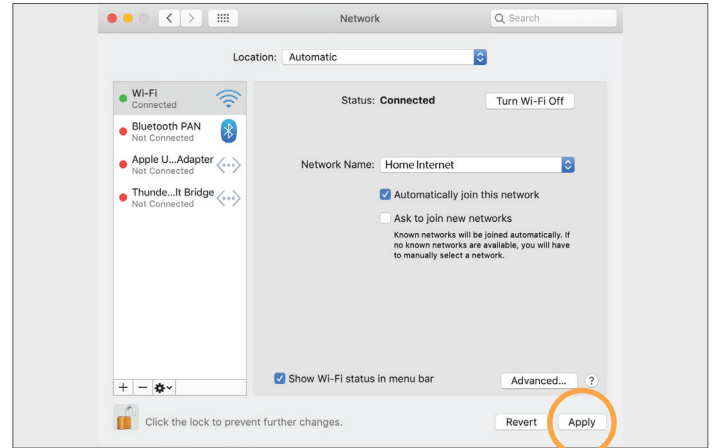

**HAVING TROUBLE?** Make sure you've entered the right DNS server numbers. If you're still experiencing issues, repeat instructions up to FIND Step 5 and click on the minus sign to delete the DNS addresses you entered, so the internet keeps working. Then go to [switchonsafety.co.nz/help](https://switchonsafety.co.nz/help) or fill out the **Contact form**.

5. Click 'OK'.

6. Click 'Apply' and click the 'Padlock' icon to prevent further changes.

**3 TEST**

// Finally, you need to check that it worked. **Here's how.**

**IMPORTANT: RESTART YOUR DEVICE BEFORE THE 'TEST' INSTRUCTIONS.**

1. Type in **www.google.com** to check that the internet is working.

2. Try accessing **www.freelotto.com** to test you've Switched on Safety. You will see something like the screen to the right if it's working. If you get through to the webpage successfully, please check that all setup steps have been followed and test again, or visit **www.switchonsafety.co.nz/help**

**HAVING TROUBLE?** Make sure you've entered the right DNS server numbers. If you're still experiencing issues, repeat instructions up to FIND Step 5 and click on the minus sign to delete the DNS addresses you entered, so the internet keeps working. Then go to **switchonsafety.co.nz/help** or fill out the **Contact form**.
